

## Print Prices<sup>†</sup>

I am very excited to offer superb prints at very affordable prices. All prints are printed exclusively on Kodak Professional Endura papers. I offer two styles, Lustre and Metallic. I love the stunning clarity and quality of both, and will show you samples of each on your shoot.

The order form is on the second page. Once I have received your order with payment, I will place the order. We will setup a convenient time for you to pickup your prints once I have received them from my lab. If you would rather they be shipped directly to your address, simply include the address on the order form along with the shipping charge.

### Lustre

Lustre prints offer the best of both worlds: the color saturation of glossy and the fingerprint resistance of matte, but without the glare associated with glossy. Lustre has a satin-like sheen and a modestly textured surface which you can see when the light angle is just right. Lustre Endura paper is also heavier than matte.

### Metallic

I have fallen in love with the ever popular Endura Metallic! This particular paper type has added a completely unique dimension for photographic output. With its glossy finish and metallic appearance it creates images that are described as “Chrome on Paper”, while at the same time adding depth, vibrant color and flattering flesh tones. The Endura Metallic paper type is a new and unique product and sure to punch up any photo that demands a dramatic look with extreme sharpness, brightness, and color saturation. The Endura Metallic paper creates unique black and white images and through a special combination of laminating layers, prints appear to be three-dimensional with an ultra-bright background.

### Print Prices (Items in **Bold** are most common sizes)

Size	Lustre	Metallic
<b>8 die cut wallets</b>	<b>\$12.99</b>	<b>\$15.99</b>
